

# Our Church Calendar

This circular calendar helps us mark time in the church year and tell God's stories. You can post this in your home near your family calendar or somewhere you will see it regularly.

Each season has its own color, which we use to decorate the church. You can decorate this calendar by coloring each season's section with its special color.

Stickers for the church seasons and certain festival days will be given out throughout the year for you to add to your calendar. If you miss a sticker weekend, stop by the Welcome Center to get caught up!
